ASSOCIATES

## ABOUT US

Since 1972, Atlanta-based Broniec Associates has delivered unmatched value through its contingency-based comprehensive accounts payable recovery audits, combining advanced technology and seasoned expertise. Our proprietary AUDITMAX® software, enhanced with AI, efficiently analyzes vast data sets, swiftly identifying overpayments and discrepancies for our audit teams to recover.

With 53 years of industry experience and a team of auditors averaging 17 years of tenure, we provide deep insights and customized audit solutions tailored to each client's needs. This blend of innovative technology and extensive experience ensures maximized recoveries, process efficiency, and significantly contributes to optimized financial performance.
